

Idea generation

How to get ideas?

- ⦿ Start with something you are passionate about
- ⦿ Introspect about behavior related to this domain
- ⦿ Come up with a list of questions
- ⦿ Decide which one of these questions are related mostly to the specific domain and which ones could be more general -- pick the more generals one

Ideas!

- ⦿ Before you start working on something
- ⦿ Sleep on it for a while
- ⦿ Talk to people about it
- ⦿ Make sure you like it before you start working on it.

Examples

- What does your TA finds interesting and why?

Today

- Think about topics that are of interest you.
