Assignment #2

The 5-page (approximately) outline and summary should contain the following elements in an outline format complemented by a 1-sentence description under each heading and sub-heading: a) title, b) introduction, including overview of issue and cities, c) the issue's and cities' significance (e.g. in terms of policy, history, innovation, challenges), d) the theoretical framework and proposed methodology for comparison, e) proposed insights to be gained from such research, and f) at least five references consulted thus far. The 5-page outline and summary constitutes 10% of the final grade and is due on October 15 in class.
