### **Assignment #3**

The 15-minute (maximum) audio-visual presentation will be based on further development of the 5-page outline and summary, complemented by the use of overhead transparencies, slides, photographs, video, or computer graphics. The presentation should be of the highest caliber, and thus be prepared and practiced well in advance of the seminar session. The 15-minute audio-visual presentation constitutes 20% of the final grade and will be due on November 19 through December 1.
